Our Complaints Process

We aim to handle complaints fairly and in an independent and responsible manner. As such, we will thoroughly investigate all circumstances of your complaint and review all the relevant evidence pertaining to it. We always try to resolve your concerns as quickly as possible, however, where we require more time to fully investigate all the issues raised, we will provide a final response to you within 4 weeks of receipt of the complaint. In any event, we will always aim to provide you with an acknowledgement of your complaint within 24 hours.

What can you do if you remain dissatisfied with our response?

Where you are not satisfied with our final response, you may be eligible to refer your complaint to the Financial Industry Disputes Resolution Centre ("FIDReC").
